

Downtown Covina has experienced a renaissance which can be seen from private developer, local business and City investment in the area. “Vintage Walk” and “Citrus Walk” projects are currently under construction. Eight nearby businesses have installed exterior façade and interior renovation and seismic upgrade improvements. The Covina Redevelopment Agency has invested funds toward design and construction of the Metrolink and Civic Center parking structures, implementation of a Bicycle Master Plan, construction of a Bike station as well as construction of Heritage Plaza Park.
